Bandag B760™ FuelTech®

Premium Drive Retread

Farther Thinking

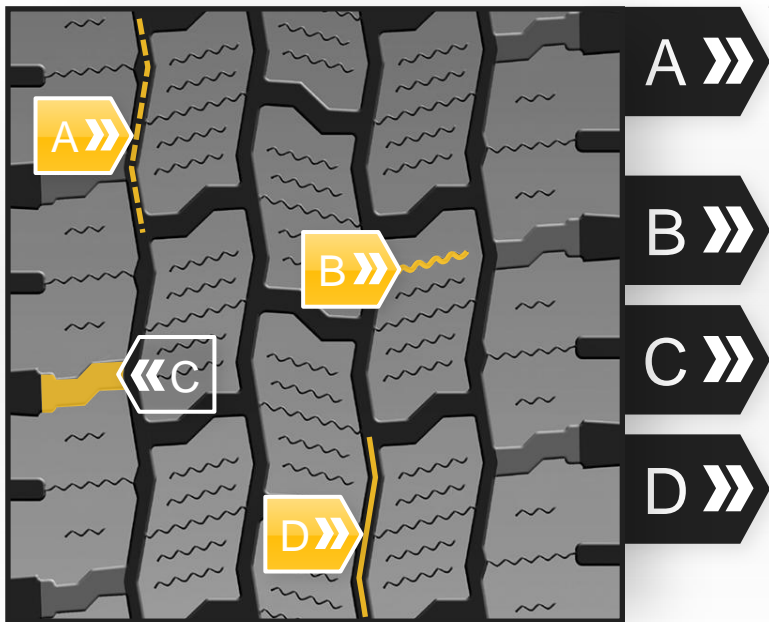

Bandag B760 FuelTech

- Specifically engineered to complement the Bridgestone M760 Ecopia™ radial tire.
- Highly siped design delivers traction in all conditions.
- SmartWay®-verified retread offers a balance between tread life, traction, and fuel efficiency.
- New kind of thinking that will help you keep a firm grip on your bottom line.

FUELTECH

Bandag B760 FuelTech Innovations

A »»

Optimized Groove Width

Helps combat the retention of casing damaging stones and improves drilling resistance, leading to increased casing life.

B »»

Highly Siped Tread Design

Provides strong traction on wet and dry surfaces.

C »»

Tie Bars

Control movement of tread blocks for long, even wear.

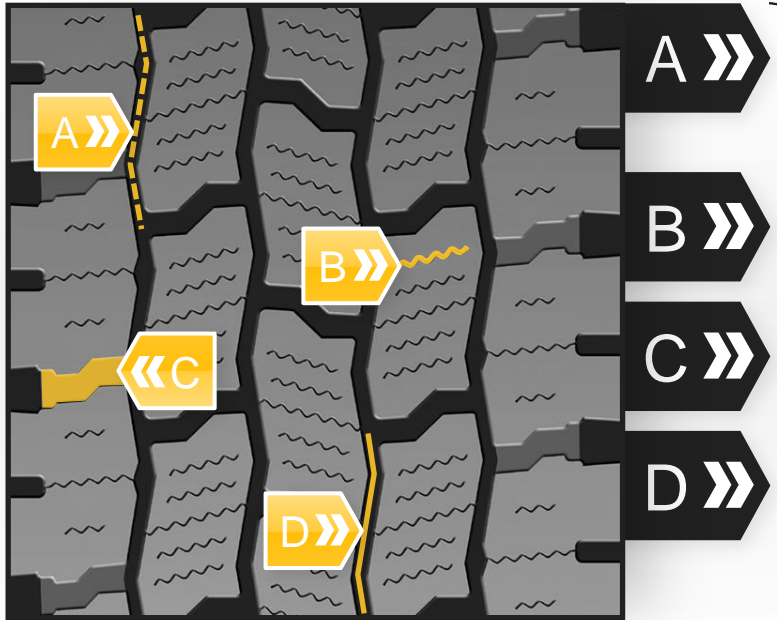

D »»

Multiple Gripping Edges

Help promote traction.

Bandag B760 FuelTech Innovations

Advanced Tread Design
and Proprietary Compound

20% longer wear life than the
B710 FuelTech™.
